

# BaseWall Load Balancing VPN Firewall

# VPN 2000

Business Class Internet Security

## BaseWall Load Balancing VPN Firewall

The BaseWall 2000 load balancing feature is the perfect solution to improve your network speed. The two WAN ports allow you to connect to two separate broadband connections (xDSL/Cable/T1) for automatic fail-over and load balancing. The unique load balancing feature is complemented with features such as multiple IP's, DHCP, Dynamic DNS and 10\* VPN IPsec Tunnel. The VPN 2000 gives you the power of load balancing for an affordable price.

## Features

### • Interfaces

- 6x 10/100 Ethernet Ports
- 2x WAN Ports
- 4x LAN Ports

### • System Performance

- 55 MB (Max) Firewall Throughput
- 50.000 Concurrent Sessions
- 6 MB (Max) VPN Throughput
- Recommend 9 Users
- Policies

### • Firewall Features

- SPI Firewall
- Anti DOS Attacks
- NAT
- PAT
- SNAT
- Multi DMZ(max 8)
- Routing Mode (RIP v1, v2)
- UPnP
- QoS
- Access Filter
- ICMP Filter For WAN
- System Filter Exception
- Session Limit
- DNS Loopback

### • VPN

- VPN Passthrough
- Dead Peer Detection
- Aggressive Mode
- IPSec
- Dedicated Tunnels (Max 10)
  - Encryption:
    - DES
    - 3DES
    - AES
  - Authentication
    - SHA
    - MD5
- Manual Key
- Autokey IKE

### • Content Filtering

- URL/Keyword/Phrase Block (Max 40)

### • Logging

- Logging To Remote Syslog Server
- SNMP
- Email Notification
- Internal Log Storage
- VPN Tunnel Monitor

### • Networking

- Load Balancing
- Fail-over
- Transparent Mode
- IPsec Fail-over
- PPPoE Client (DSL Dail-Up Service)
- DHCP Client
- DHCP Server
- PPTP Client
- DynDNS
- MTU Changeable For WAN
- Security Groups
- NAT Status & Connection List
- SMTP Bind
- MAC Address Clone

### • System management

- Web User Interface (HTTPS)
- Remote Firmware Update
- Remote Config File Update

### • Administration

- TFTP(Upgrades)
- System Software Rollback

### • User authentication

- IP/MAC Adress Binding

### • Hardware

- Weight (KG) 0,9
- Dimension (W D H) CM 24,6x13,8x3
- Power 5v DC / 1,5a

### • Regulation

- CE
- FCC CLASS B
- ISO 9001

Rev.04 (Okt 2005)
